

MANDATES STRATEGY

WE WILL LEVERAGE NATIONAL AND STATE MANDATES TO ACHIEVE OUR STRATEGIC OBJECTIVES AND TO INSPIRE OUR STUDENTS TO LEARN, DREAM AND ACHIEVE.

Our committee provides quality employee and public educational events, opportunities for voter registration, and encouragement to actively participate in all democratic processes. We believe that **together we can make a difference!**

We diligently research and educate all stakeholders on the impacts of mandates by hosting townhall meetings each year in order to provide expert insight on legislative changes. The **2011 Legislative Townhall Meetings** were held at [Bayshore HS](#) and [Palmetto HS](#).

The Mandates Committee also provides a one-stop clearinghouse for legislative information on the School District's email system located in the [Mandates Folder](#). We prepare the Mandates Minutes, an article published in the School District's newsletter, "The Educator," bringing forward important legislative information to our readers.

BOARD MEMBERS
